

# The Hive News

Summer 7 part 1

2020

This will be the last HIVE news until the Autumn term. I hope you all manage to spend some time outside enjoying nature over the Summer holidays. This is a special edition of the HIVE to celebrate the achievements of the children who are leaving to go to secondary school in September. **This edition comes in 3 parts.**

I remember so many of Year 6 from when you first started in the Nursery and you have been a great group of environmentalists over many years. A special thank you to the Year 6 HIVE reps and to those in KS2 Gardening Club who also started our business The Hen House to raise money to support our school hens. I will miss you all.

Since you started at Richard Bonington you have helped us to achieve so many things and here are some of them.....

*When you started in the Nursery you planted our apple and pear orchard. Children for generations to come will be able to pick and eat the fruit thanks to you.*

Planting the Apple and Pear Orchard

Since you have been at our school we have achieved: The Woodlands Award for best forest school 2018. A Royal Horticultural Society level 3 award for school gardening and the Arnold in Bloom Joy Bamling Eco Cup 2019.

We went to London to collect a Dame Jane Goodall Roots and Shoots award and again for the DEFRA Bees Needs award.
