

Friday 17th November is Children in Need. Our children will be raising money whilst having fun taking part in some active challenges. The theme will be 'Go the Distance for Children in Need' and we would like children to bring in small change from home, as well as wear something which shows who they aspire to be when they grow up. (50p donation).

We are very excited to announce that Opal Play will be launched w/c 27th November. Special assemblies will be held to introduce play ideas and equipment and the children will be contributing to the concepts and planning involved.

We are continuing to develop our Champion Roles in school. Our Eco champions are working towards the Better Planet School award. Plans for this year include creating a sensory garden including a willow archway and wildflower area. The anti-bullying champions have been continuing their work for the Diana Award and plans are in place for Anti-bullying week next week (13th-17th Nov). The week starts with Odd Socks Day, raising money for the Anti Bullying Alliance. The next Champions we are looking to recruit are 'Charity Champions' who we would like to be involved in raising money and the profile of worthwhile charities during the school year. This will be linked to our school events calendar and liaising with other Champions and the School Council.

This is always a very exciting term for opportunities and events taking place. The Year 6 children are taking part in The Great Project, which is 4 weeks of learning about healthy relationships. Year 5 have had a Victorian Experience Day and Year 4 enjoyed a Viking Day this week. Years 3 and 5 will be visiting The Nottingham Playhouse to see Cinderella and EYFS children and years one and two will be visited by the Magic Carpet Theatre Company. Our KS2 school choir will be taking part in the Arnold lights switch-on on Friday 24th November so please go along if you can to cheer them on.

Children enjoyed a range of clubs last half-term including football, tag rugby, cross country and athletics as well as non-sporting interests such as recorders, gardening, books club, maths, choir and origami. Coming up this half-term will be; dodgeball, athletics, cross country, boccia, maths, book club, chess, recorders and choir.

Please contact us using the email address pd@rbps.org.uk with any questions, comments or ideas for areas of development.
