EQUALS TRUST

Richard Bonington Primary School.

Uniform Policy.

Date adopted	Sept 2026
To be reviewed	Sept 2029

Our rationale.

Our school community values both high standards and the wellbeing of every child. In developing our updated uniform policy, we listened carefully to feedback from pupils, parents, and staff. While many families welcomed the move toward a more active, practical uniform, others expressed a preference for more traditional options.

To reflect the diverse needs and views within our community, this policy offers choice and flexibility. The uniform range includes items that support active movement, cater for sensory and functional needs, and remain smart and school-appropriate. By providing options, we aim to ensure every child feels comfortable, confident, and ready to learn.

At the same time, the policy maintains core elements of consistency. These shared aspects help to create a strong sense of belonging, promote equality, and uphold our school identity.

Overall, this uniform policy seeks to balance practicality, inclusivity, and pride in our school, ensuring that all children can engage fully in school life.

If your child opts for a more traditional uniform, they will need to wear items from the PE section on the days they are scheduled for PE.

You are welcome to buy unbranded uniform from local shops. The company that offers our branded uniform is Just Schoolwear | Order Online
